FROM THE EDITOR'S DESK

ISSUE 02, PONCHO — THE MAG CAME OUT TONIGHT

Normally this drops Tuesday noon. You asked for it tonight, so Issue 02 covers **Week 7 results** and the **Week 8 preview** from 11h 7m of tape across 13 episodes (FFT Rankings, Mailbag, two Sunday Cheat Sheets, last-minute Express, Winners & Losers, early Week 8 Express; Sal Sunday Q&A and Week 8 Must Adds; BTBS 9 League Winners; BDGE 10 Confusing Players; Yahoo Start/Sit Q&A; plus the Oct 20 FFT Dynasty recap).

Ground rules unchanged: every stat and quote comes from the breakdown files, the Host Report Card, a live Sleeper pull (Mon ~11:40 PM ET), or the Yahoo files in myleague/yahoo/. Editorial meters say so on the page.

The headline: Freddy dropped **168.45** on Taylor Snift (**111.10**) in MAIN — Zay/Jameson/Bijan did the damage — and in DYNASTY you draw him next, both 3–4. Amon A Boat! lost Week 7 to BakedShady 116.28–164.32.

Data gaps: **BTBS Week 7 Recap** and **Yahoo Josh Week 7 Recap** still PENDING (captions). Yahoo files stale (Sun 5:58 PM ET). Full Tuesday Report Card not in yet — grades here are the partial Sunday update.

THE STORYLINES THAT ATE THE WEEK

01 FREDDY FLOWERS BLOOMED

Zay, Jameson and Bijan put 83.25 on Taylor Snift. Rematch is DYNASTY Week 8.

Freddy's MAIN lineup went nuclear: **Zay Flowers 32.70** (8-137-1), **Jameson Williams 26.60** (5-91-2), **Bijan Robinson 23.95**, with Saquon adding on MNF to finish **168.45–111.10**. Your side: JT (24.25) and Ollie Gordon (28.05) carried for 52.30, but Mahomes (8.15), Worthy (4.35), Coker (1.90) and LaPorta (3.05) combined for 17.45. Dan called Zay this year's JSN with Lamar; the W&L panel expects Lamar back Week 8.

The rematch shifts to DYNASTY: **Amon A Boat! vs The Man in Jahmyr**, both 3–4. Freddy just lost 123.52–171.74 to durk18 and benched Loveland (19.90) again.

02 THE OMAR COOPER GOSPEL

Jamey benched him. He scored 22.5. Now Sal says number one add by far.

Jamey stashed Omar Cooper Jr. in the Mailbag. Cooper went off for **22.5**. By Monday, Sal called him the number one add by far and Jamey moved him into the starters-now pile with Adam bullish.

For you: the actionable Diggs read is Jamey calling him a borderline must-start wide receiver starting in week 8 with McLaurin out. Diggs is on your MAIN and DYNASTY benches (MAIN: 71.9 pts on roster, WAS bye Week 7).

03 WILLIS ON THE BENCH, AGAIN

28.02 from Malik. 13.08 from Rodgers. Your DYNASTY QB slot is the story.

Malik Willis put up **28.02** DYNASTY points on your bench while Aaron Rodgers started for **13.08**. Season: Willis has 90.6 on the roster (12.94 PPG). Tonight's FFT notes put him back in the streaming conversation.

Related: Tank Dell is on HOU's Week 8 bye, Shaheed left SNF with a knee (Out, 2.10). Diggs + Caleb Douglas are the WR fill-ins the hosts like.

#	TOPIC	SIDE A	SIDE B
H1	**Top waiver RB: Zonovan Knight or Jonah Coleman?**	Jamey: Knight is the one RB to start now (flex vs DAL).	Adam: Coleman and Rachaad White first on Sleeper/Yahoo ("35% rostered… that's probably going to change"). Sal: Coleman is the "bes
H2	**Ollie Gordon II: RB2 or sell-high?**	Dave and the FFT panel took Gordon over Pollard and call him an RB2 starter; Heath only worries about NE/DET/BUF game scripts.	Sal: "the ultimate sell high… you got fleeced." Gordon scored 16.8 in Week 7.
H3	**KC Concepcion vs Wan'Dale Robinson**	Jamey: Concepcion a startable WR3 and his favorite WR add.	Adam's PPR-only caveat (no end-zone looks) is logged separately in EX8.

🌸 FREDDY WATCH

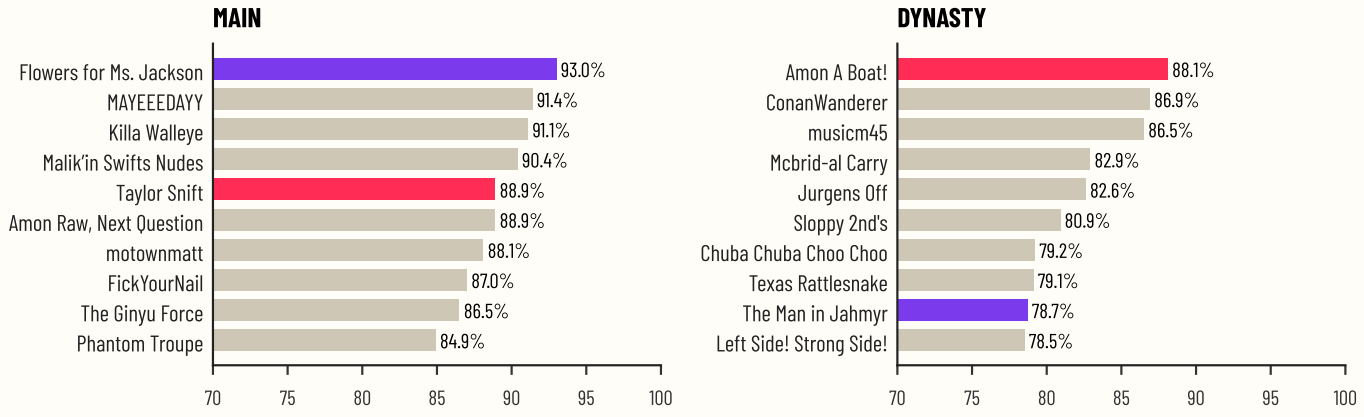

DYNASTY Week 8 · Amon A Boat! vs The Man in Jahmyr · both 3–4

168.45
What he just dropped on you in MAIN. Zay 32.70 · Jameson 26.60 · Bijan 23.95.

19.90
Loveland on his DYN bench (again). Dave's top-12 TE call hit.

3-4
Both of you. His Wk7 DYN loss: 123.52–171.74 to durk18.

His DYN holes this week: Noel (turf toe / walking boot, HOU bye), Fannin sit vs PIT (Jamey), Mumpfield drop (Sal), Bourne droppable (Jamey). **His ceiling:** Gibbs, Goff, Jameson all play MIN–DET (same game as your Amon-Ra). **MAIN:** he draws dmajewski11; holds Kaelon Black + Antonio Williams. Trade ideas (Emmett Johnson; Corum/Kyren for Diggs; Allen/Mahomes for Jameson) stay on ice until you OK them — nothing sent.

Red = Poncho, purple = Freddy. Efficiency = PF ÷ Sleeper max possible (settings basis; may lag one week).
